

### SHIP TO ADDRESS -

Honeywell Sensing & Control – Woonsocket  
245 Railroad Street  
Rhode Island, USA  
02895

---

#### **All material shipped to Honeywell SIOT must include the following identifying data:**

- Honeywell's purchase order number (also included on Bill of Lading for all LTL shipments)
- Honeywell's part number(s), part number(s) quantity, and part(s) description
- Harmonized Tariff Code (HTS#) per part number

#### **All shipments to Honeywell SIOT should conform to the following requirements:**

- A packing list must be placed visibly on outside of each package or carton.
  - The copy of commercial invoice must be included with shipment. (Your original invoice must be sent to the bill-to address stated in our purchase order.)
  - All applicable governmental regulations must be followed.
  - All shipments must be packaged to endure transport in a safe, secure, and claim-free manner.
  - All shipments made to same Honeywell location on same day must be consolidated onto one bill of lading / waybill.
  - Broker must be denoted as UPS or Expeditors on inbound shipments on the commercial invoice.
  - Tracking Number and or Waybill Information **MUST** be sent to Honeywell buyer, immediately after shipment.
  - Value of items is to be represented as the value that is transacted between the vendor and Honeywell. In the event that the item is shipped free of charge, is Samples or Demos, the value to be represented on the Commercial Invoice is the commercial retail value of that item.
  - Any shipments of prototypes / samples should include packing list which clearly and specifically indicates the intended recipient at the Honeywell site, e.g., "samples to attention of [name of engineer, buyer, etc.]" to prevent delays in proper delivery.
  - For Dangerous Goods inbound, please contact Honeywell Logistics for Specific instructions.
-

**The following routing instructions pertain only to shipments where Honeywell S&C accepts responsibility for the payment of transportation charges.**
