

INSTALLATION INSTRUCTIONS FOR THE **AEROSPACE PROXIMITY SENSOR, GAPS AND HAPS SERIES**

32318767-001

Issue B

⚠️ WARNING IMPROPER INSTALLATION

- Consult with local safety agencies and their requirements when designing a machine control link, interface, and all control elements that affect safety.
- Strictly adhere to all installation instructions.

Failure to comply with these instructions could result in death or serious injury.

⚠️ WARNING INCORRECT WIRING

Incorrect wiring will damage units. Strictly adhere to all installation instructions.

Failure to comply with these instructions could result in death or serious injury.

KEEP-OUT ZONE

It is recommended not to place any metal/magnetic material in the keep-out zone other than target material. Placing any material within the keep-out zone will influence the sensor performance.

TARGET PROFILE

Target material: Stainless steel 17-4PH heat-treated to condition H1025. Typical thickness of target is 3 mm ±0,1 mm.

FIGURE 2. TYPICAL TARGET PROFILE

Proximity Switch Actuation and De-Actuation Curves

The proximity switch shall actuate and de-actuate in accordance with the slide-by curves as per Figure 3.

WARRANTY/REMEDY

Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship during the applicable warranty period. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgment or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items that Honeywell, in its sole discretion, finds defective. **The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**

While Honeywell may provide application assistance personally, through our literature and the Honeywell web site, it is buyer's sole responsibility to determine the suitability of the product in the application.

Specifications may change without notice. The information we supply is believed to be accurate and reliable as of this writing. However, Honeywell assumes no responsibility for its use.
